all illinois toolkit April 2, 2020

@GovPritzker @GovPritzker @GovPritzker

On April 2, Governor JB Pritzker introduced **All In Illinois** to unite residents across the state to continue to stay home and stay safe.

Now more than ever, we all need to do our part to support our communities.

We can slow the spread if we do it together. Our strongest weapon against COVID-19 is you.

Join us and take the pledge to being 'All In' — for our neighbors and grandparents, our health care professionals and first responders, our grocery store workers and so many more.

Thank you for committing to being **All in Illinois** by staying safe and staying home. Together, we are **#AllinIllinois**

Gov. Pritzker kicks off All in Illinois to reinforce state's stay at home message
PSA videos from Illinois celebrities remind everyone we are 'All In' this together

CHICAGO – Today, Governor JB Pritzker introduced a new statewide effort called All in Illinois, to reinforce the state's message: stay at home and stay safe. At a time when everyone must practice social distancing to stay healthy, All in Illinois is a way to unite residents across the state and remind them we are all in this together.

"The purpose of All in Illinois is to remind the people of Illinois that we truly are all in this together. Now more than ever, we must each do our part to stay home in order to slow the spread of the coronavirus in Illinois," said Governor JB Pritzker. "We want this message of goodwill to inspire everyone to stay home, stay healthy and to remember you are not alone."
